[6] Six God Eater: Off Shot Photo Shooting Games were released between November 2015 and April 2016 for PlayStation Vita. [7] An MMORPG for Android and iPhone entitled, GOD Man Eater Online was released on February 15, 2017. The franchise setting of the God's eater takes place in the year 2071, several years after the emergence of the Aragami (à f, â ¢ Ãf © à £ æ'ÿ, Aragami). Aragami are breed of vicious creatures made of a cluster of "Oracle cells", single-score bodies that can consume anything and take on its attributes, which devours most of the earth's resources and most of humanity up to quasi-extinction point. Coming in different forms, they are invincible against any conventional weapon, even able to absorb great quantities of nuclear energy in their own, until a Finnish pharmaceutical company known as Fenrir (Åfæ 'Å «Â«, FENRIR) has created a series of biomechanical hybrid weapons called Jinki (à ¥ žÃ] â â ÿ, Jinki, known as "Dio Arc" in the English version) which can kill the Aragami, over To select those who can cminate these weapons. These individuals are then called god eater (Ãf, Ãfæ'Ã, â € œThe, Goddo à "â €). Various phenrir branches also have a sanctuary called the "external ghetto", in which the rich, as well as those who still qualify as an eating of God and their families, reside, but due to overpopulation, the company limits the Capacity of those who live inside the ghetto. The Aragami terminology reported for the first time in the year 2050, Aragami is a breed of mysterious beasts that had consumed the majority of earth resources and pushed humanity to the verge of extinction. Made of hundreds of thousands of "oral cells", Aragami to "evolve" over its evolutionary chain. Furthermore there are new advanced species of Aragami that begin to resemble humans. Waterproof to any modern firearm, as well as any form of armed energy, the bow of God is the only weapon capable of "cutting" the Of an Aragami, killing him effectively. In the first installments of the games, these are two types of God Arches: the "old type", in which a god arc was designed for both close-up combat or long-haul combat; And the "new type", which can freely transform forms. So far, the GOD ARC has five known forms: Forma blade: form A normally used for close combat, simply use part of the blade of God Arches. to attack the aragami at close range. Gun shape: a module used for long distance attacks, which uses the gun piece of the Arco god to turn the Aragami. Shield form: module: a form to which it is possible to access in the form of a blade, this form produces a huge pair of jaws from the god arch to "devour" the Aragami, giving them with a powered state called "Burst modality", which greatly improves the Oitler of God Power and ability. This module is also used for the recovery of aragami nuclei and falling materials, which are essential for processing new objects and equipment. Blood anger: a form introduced in God Eter 2 Rage Burst which can only be accessible by the player. In this form, the god arc temporarily unlocks its restrictive frames, producing a crystalline "wing" on the back of the man's eater, giving them invincibility and increased speed and attack, as well as capable of running infinitely. Unfortunately, only about 30 seconds lasts and requires a portion of the caliber of awakening again. However, not everyone can handle the arc of God, since each of them are connected to a specific eater of God. Furthermore, if a God Eater touches someone else's arc apart from them, they will have "devoured" and killed, or in A rare case, turns them into an aragami. God's eaters are individuals capable of weaving the Arc god to combat the Aragami and serve by the main Fenrir defense line. Chosen through a series of suitable tests, the selected subjects are therefore painfully equipped with a bracelet containing the voltage factor, a substance that determines the aragami should and must not "eat", as well as protecting them to obtain devoured by their god Assigned Arco. The bracelet also guarantees super-resistance and improved speed. If the bracelet is damaged and / or removed, the invasiment of the Oracle cells of the Arc of God in an Aragami. If it happens, they can be killed only by its own arches of God. Related means GOD EATER, the anime adaptation created by ufotable, is broadcast on 12 July 2015 and subsequently added by Netflix to its row the following year in the month of July 2016).
